ABOUT ME

Passionate Frontend Developer with a creative flair and a knack for delivering exceptional user experiences. Seeking opportunities to leverage my skills in web development, design, and problem-solving to create captivating and user-friendly digital interfaces.

BRIEF PROFILE DESCRIPTION

Profile Description

[Current]

Broad Front-End Development Expertise: The developer demonstrates a strong track record of success in front-end development, emphasizing the ability to create high-quality, innovative, and fully functional software while adhering to coding standards and technical design principles. This showcases their proficiency in building effective user interfaces and web applications.

Effective Collaboration and Coordination: The developer has experience coordinating the delivery and integration of code and assets with offshore team members and vendors. This highlights their ability to work effectively within a team, manage remote collaborations, and ensure seamless project execution.

Technical Skills

[Current]

- Proficient in HTML5, CSS3, and JavaScript, with a focus on modern frameworks like React and Next.js.
- Strong grasp of responsive web design principles, ensuring seamless performance across all devices.
- Experience with CSS preprocessors such as SASS and LESS, and proficiency in CSS-in-JS solutions.
- Skilled in utilizing RESTful APIs and AJAX to fetch and manipulate data in real time.
- Adept at version control systems, including Git, for collaborative development.
- Familiarity with frontend build tools and bundlers like Webpack and Babel.
- Solid understanding of web performance optimization techniques.
- Strong UI/UX design sensibility, with an eye for detail and user-centric design.
- Ability to collaborate effectively with cross-functional teams, including designers and backend developers.
- Excellent problem-solving skills and a passion for staying up-to-date with the latest industry trends.

WORK EXPERIENCE

Sr. Software Developer (UI)

DelveInsight Business Research Pvt. Ltd [01/03/2022 – Current]

- Led a team of front-end developers in the successful delivery of multiple web projects, meeting or exceeding client expectations.
- Collaborated closely with clients to gather requirements, provide technical guidance, and ensure project alignment with business objectives.
- Developed and maintained complex web applications, optimizing for performance and scalability.
- Mentored junior developers, conducting code reviews and providing constructive feedback to foster skill development within the team.
- Implemented continuous integration and continuous deployment (CI/CD) pipelines to streamline development and deployment processes.

- Championed the use of best practices in web development, including accessibility standards and SEO optimization.
- Successfully delivered projects on time and within budget, receiving positive feedback and earning repeat business from clients.

Software developer (UI)

News24 (BAG Convergence Ltd.) [01/06/2019 – 28/02/2022]

- Collaborated closely with design teams to translate mockups and wireframes into interactive and visually appealing web applications.
- Developed and maintained responsive, cross-browser-compatible websites using HTML, CSS, and JavaScript.
- Implemented state management solutions such as Redux and Vuex to handle complex application data.
- Integrated third-party APIs to enhance the functionality and user experience of web applications.
- Conducted code reviews, identified and fixed bugs, and optimized code for performance.
- Actively participated in Agile development processes, ensuring timely delivery of features.

Frontend Developer

Autofurnish Pvt. Ltd. [01/03/2018 – 28/02/2019]

- Assisted senior developers in building and maintaining web applications.
- Contributed to the development of reusable UI components and templates.
- Gained hands-on experience with frontend technologies, gradually taking on more responsibilities.

EDUCATION AND TRAINING

Master of Computer Application

Swami Vivekanand Subharti University

- Developed a responsive e-commerce website using React and integrated with a payment gateway for seamless transactions.
- Created a personal portfolio website with a unique and user-friendly design to showcase front-end skills and projects.
- Collaborated with a team to build a real-time chat application using WebSockets, enhancing the user experience with instant messaging.

Bachelor of Science

Indira Gandhi National Open University
